

Hands-On- History School Programs
Pre-Visit Information

Mysteries in History

A CCHS staff member will visit your classroom on _____.
They will arrive at _____ and depart at _____.
(Expect the staff member to arrive 5-15 minutes early for set up.)

Program Summary:

Students will examine a variety of artifacts, including a hat stretcher, an early nineteenth century ice skate, a stone hammer, a scrub board, a darning egg, a corn planter, and a butter mold. The staff member conduction the exercise helps the children figure out what each object is used for while discussing what life was like when the items were in use.

Vocabulary/Concepts:

The following words and terms will be used in the program. It is beneficial if your students are introduced to these prior to their participation in the program. This will help your students gain a better understanding of the concepts in the lesson.

Tool

Nametags:

Please have each student wear a nametag. This will help the staff member call on students and personalize their experience.

We look forward to visiting your classroom. If you have further questions, please feel free to contact our Education Coordinator at (952) 442-4234 or e-mail education@co.carver.mn.us.
